## About R&M

R&M (Reichle & De-Massari) is a leading global producer of future-proof products and systems for communication and data networks.

Worldwide, the company makes a crucial contribution to operational security in speech, data, and image transmission with copper and fiber-optic systems. As a system provider, R&M has set itself the goal of developing optimal functionality and, above all, fulfilling the highest quality criteria.

In addition, R&M offers maximum installation and maintenance convenience. R&M solutions display their superiority through maximum availability with economical network operation. With high product quality and forward-looking design, R&M ensures that the networks will be capable in the future and that investments are secure in the long-term. R&M cabling solutions are used in office buildings, at network operators, in homes and in industry.

***“We provide connectivity that matters.”***

## R&M Cube

With the R&M Cube, our new company facility at Wetzikon, Switzerland, we are committed to sustainability, high quality and an uncompromising customer-based approach.

# Data Centre Solutions

Optimize your data centre network

***“R&M data center solutions provide you with the security, reliability and flexibility you need in operations and help you carry out your future plans.”***

## **R&M introduces Anaconda**

High capacity fiber distribution for today's Data Centers Building Entry Point (BEP).

Anaconda, a high capacity fiber distribution system designed to meet the demands of modern data center environment. The system offers unparalleled flexibility to accommodate today's major termination techniques and high fiber count cables. Anaconda has been designed with the challenges of a managing a future-proof data center in mind, targeting ease of use and flexibility in an increasingly high-density, complicated network environment.

For further information on Anaconda customise solutions, please check with your local sales office.

## **Where we can help**

R&M understands the business and IT issues that face enterprises today – concerns about network agility and deployment time, as well as the specific network documentation challenges affecting the data center. And we engineer our physical network solutions to address these issues. Regardless of the business vertical, data center solutions and the networking applications they support are critical to the enterprise.

- R&M ensures the most stringent standards in product quality, delivering connectivity that can improve your network throughput by 5 to 20%.
- Due to the flexibility of a medium sized company as ours, we can commit ourselves to special requirements, individual adaptations and even custom designed inhouse development.
- We help you effectively optimizing and documenting your network through our intelligent infrastructure management system. Hereby, you can minimize patching mistakes which cause 28% of downtime, and save up to 10% OpEx in networking energy costs.
- The installations are executed by certified planners and installers from the Qualified Partner Program (QPP).

# Netscale-Solutions

The highest density

### **New cabling for networks**

Today's application driven world is changing the demands on the data center. IT and infrastructure managers are under big pressure to deliver better performance at lower cost, and with greater agility than ever before. To get there takes the right fiber cabling solutions that meet the emerging 200G Ethernet standards. But what about tomorrow? Will you be able to scale your infrastructure to meet evolving IT needs?

R&M's Netscale-Solutions represent the world's highest-density fiber cable management solution, and the first to feature integrated intelligent infrastructure management functionality.

Designed as an ultra-high density platform that utilizes the smallest diameter uniboot patch cord for minimal cabling bulk, this solution boasts up to 67% higher density than legacy solutions and promises to eliminate a host of cable management problems that plague data centers today.

***“Netscale sets a new benchmark for the industry and promises relief from cabling challenges.”***

# R&MinteliPhy

## Intelligent Infrastructure Management Solution

***“R&M is setting standards in automated infrastructure management.”***

R&MinteliPhy is designed to provide accurate, real time monitoring of physical layer connectivity; necessary to manage, monitor and protect the infrastructure effectively 24/7/365.

The interaction of a patented, RFID-based connectivity monitoring system and an advanced cable management software controls a network in real-time. Tracking and notification as well as advanced reporting features result in a highly accurate documentation. Whether copper or optical fiber cords, each plug inserted in the patch panel is actively monitored. The physical location tracking helps you to control your network at any time. Through advanced work order processes, you can schedule connectivity changes and guide technicians through the maintenance tasks.

### Manage

- Advanced cabling management tool featuring a template-based modeling of the complete network infrastructure
- Robust, server-based architecture to offer continuous, reliable operation, requiring minimal maintenance
- Administration of connectivity, assets and rack spaces done with an intuitive user interface
- Policy-based user management defines roles and access levels depending on the responsibility of users.
- Powerful work order management and freely configurable reporting structures enable full control of your MAC processes.

### Monitor

- Contactless connectivity detection system
- Sensor bars on the patch panels interact with fiber or copper cords equipped with R&M Security Level 4
- No additional contacts or a proprietary 9th wire patch cord needed
- Each position of a connection is detected and identified in real-time, allowing active monitoring of the entire network. Human errors during patching hence significantly reduced.

# The R&M Academy

## Warranty Program

*“Give your customers peace of mind with a lifetime application warranty for their Structured Cabling infrastructure through R&M's Qualified Partner Program (QPP).”*

# The R&M Academy

### The three-level R&M warranty system

R&M guarantees security for the future. As a certified R&M partner, you can pass on this guarantee in three levels – as true added value.

### The 5-year product warranty

This guarantees that passive R&Mfreenet components will operate free of errors during the guarantee period and will exceed the requirements of all relevant cabling norms. Anyone who buys passive R&Mfreenet components will benefit from this protection.

### The 25-year system warranty

This covers the entire R&Mfreenet cabling system and protects the end customer from component failures and installation problems. This guarantee is granted if the LAN cabling system consists exclusively of passive R&Mfreenet components and the entire installation is performed by a certified R&Mfreenet installer (or by an entity provided with more training by the QPP).

### The lifelong application warranty

This guarantee requires that the passive R&Mfreenet cabling system be planned by a certified designer. It includes the promise that all protocols supported by industry standards will run on the system for its entire lifetime. No matter what requirements your end customers may stipulate, you can trust

## RJ45 Connection Modules Cat. 6<sub>A</sub> EL

### Features

- Meets the Cat. 6<sub>A</sub> ISO component specification (for the entire re-embedded plug range as specified by the standards ISO/IEC 11801, EN 50173, TIA 568-C.2, IEC 60603-7-51 and 60603-7)
- Exceeding the IEEE 802.3 an minimum requirements for 10GBASE-T performance
- Tool-free (w/o special tools) connection of installation cables of AWG 22 - 26 plus stranded cables of AWG 22/7 - 26/7

# RJ45 Connection Modules Cat. 6A ISO

## Features

- Exceeds the Cat. 6A ISO specification (mated) for the entire re-embedded plug range as specified by IEC 60603-7-51 (shielded), 60603-7-41 (unshielded) and IEC 60512-27-100. Exceeds the Cat. 6A specification (mated) for the entire re-embedded plug range as specified by TIA/EIA 568-C.2
- Achieves exceptional margins when installed as part of an R&M Cat. 6A ISO 4-connector channel or permanent link, exceeding the IEEE 802.3an minimum requirements for 10GBASE-T performance, as well as the requirements for Class EA performance according to ISO/IEC 11801 ed. 2002, Amendment 1 and 2, and Cat. 6A performance according to TIA/EIA 568-C.2
- Automatic cutting of wires for precise, consistent termination

## RJ45 Connection Modules Cat. 6 Real10 Cat. 6

### Features

- As part of a Real10 Cat. 6 channel, the Real10 connection module exceeds the minimum requirements of the IEEE 802.3an standard on 10GBASE-T performance, as well as the requirements for Class EA performance acc. to ISO/IEC 11801 ed. 2.2, June 2011 and Cat. 6<sub>A</sub> performance according to TIA/EIA 568-C.2
- Exceeds Cat.6 specifications acc. to ISO/IEC 11801, EN 50173 and TIA/EIA 568 C in the entire admissible range
- Maximum reliability through special contact design without internal transfer points
- Capacitive and inductive compensation
- Delta, GHMT and 3P certified

## RJ45 Connection Modules Cat. 5e

### Features

- Exceeds the Cat. 5e specification (mated) for the entire de-embedded plug range as specified by the standards (ISO/IEC 11801, EN 50173 and TIA/EIA 568C)
- Attains Cat. 5e values together with Cat. 5e patch cables, as specified in standard IEC 11801 Ed. 2.2
- Achieves best transmission characteristics with R&Mfreenet Cat. 5e patch cables
- Gold-plated contact area and tin-plated insulation displacement contact area
- Maximum reliability through special contact design that does not use internal transfer points such as printed circuit board
- Capacitive and inductive compensation

### Special packing unit for installers

Connection modules 100xRJ45. Saves time and waste.

<sup>1)</sup> Approval: UL

## FM45 IP20 / IP65 / IP67 Field Termination

### Features

- First tool-free, field-terminated RJ45 connector
- Wide range of applications, dependable solid construction, Swiss quality
- Accepts unshielded (U/UTP) and shielded (S/FTP) cables **up to 8 mm** in diameter, and wires or strands up to AWG 26 to AWG 22
- Long-term stability, vibration resistance, strain relief and the possibility of repeated termination provided by IDC conductor contacting plus quick mounting technique
- Cable shield EMC protection > 180°
- Optical coding with color coding clips
- Eligible for 1 connector warranty

## Cat.6 and Cat. 6<sub>A</sub> Real10

### Features

- 100 Ohm installation cable
- Suitable for voice, video and data transmission
- Real10 Cat. 6 is suitable for transmission frequencies of up to 650 MHz and complies with the 10GBase-T requirements of IEEE802.3an
- Cat.6 is suitable for transmission frequencies of up to 450 MHz

## 1U 24-Port Patch Panel

### Features

- Modular patch panel with integrated cable tie shelf, 19" fastening kit, labeling fields with exchangeable labeling strips.
- The ports are prepared for a visual color coding system and automated infrastructure management systems.
- Panel polycarbonate, fiber-glass-reinforced, halogen-free material, UL 94 listed and steel: DC01 (1.0330), 1.5 mm.
- Color front: medium gray (NCS 2502-B) / steel: blue, chromatinized

## 1U Patch Panels 24-Port

### Features

- The high packing density results in a capacity of 24 shielded or unshielded RJ45 connections
- Every module is individually terminated
- The snap-in adapter is mechanically secured with a plastic wedge
- 8-color coding system with plastic wedges
- Integrated cable tie shelf
- Direct grounding concept via metal patch panel
- Protective conductor terminal optionally available

# 1U Angled Patch Panels 24-Port

## Features

- Angled design saves rack unit space by routing patch cables to vertical cable management
- The high packing density results in a capacity of 24 shielded or unshielded RJ45 connections
- Every module is individually terminated
- The snap-in adapter is mechanically secured with a plastic wedge
- 8-color coding system with plastic wedges
- Integrated cable tie shelf
- Direct grounding concept via metal patch panel
- Protective conductor terminal optionally available

# 1U HD Patch Panels 48-Port

## Features

- Ultra-high density patch panel enables 48-ports in 1U 19" format
- Modular design for full flexibility: Cat. 6<sub>A</sub> ISO shielded/unshielded
- With cable tie shelf for stable and reliable cable management
- Without cable tie shelf for space critical applications
- Support for High Density Security System, Levels 1 and 3
- Shielded version includes complete integrated grounding system
- Ample labelling options despite limited space
- Stable, robust design with optimum handling
- Available in gray and black

 <sup>1)</sup> These Connection Module Holders can be fitted with Label Holder (R512430) or the security system as accessories.

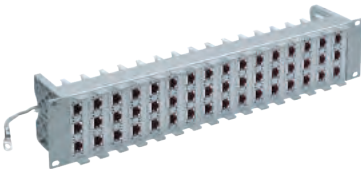

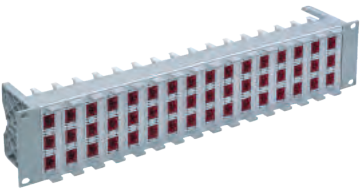

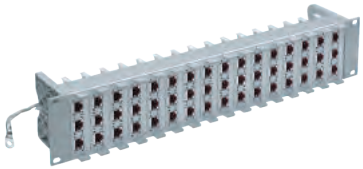

# 2U Global Patch Panels 48-Port

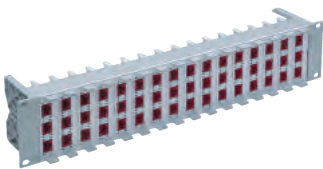

090.2978

## Features

- Thanks to their modular design the panels can be fitted with up to sixteen 3x1-port connection module holders or blind elements (max. 48xRJ45/u or RJ45/s ports)
- Highly installation and service friendly thanks to the optimized fastening system
- Shielded version includes complete integrated grounding system
- Suitable for the R&M Security Systems, Level 1-3
- Exchangeable labeling strips
- Integrated strain relief on connection module holder

# 3U Global Patch Panels

## 48-Port and 60-Port

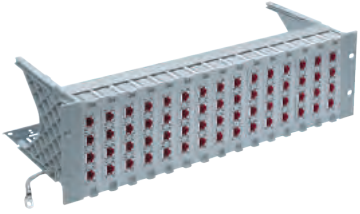

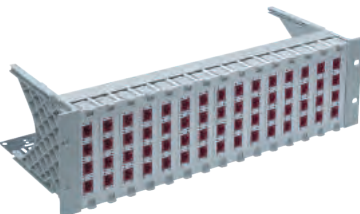

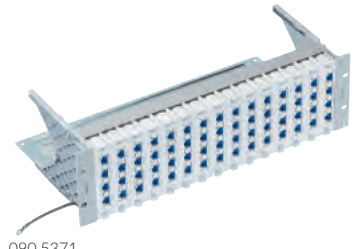

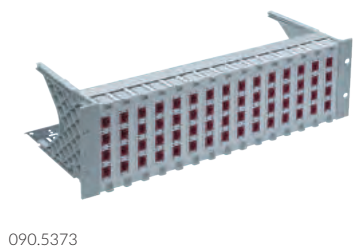

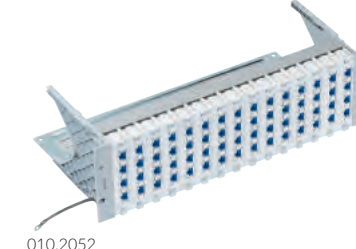

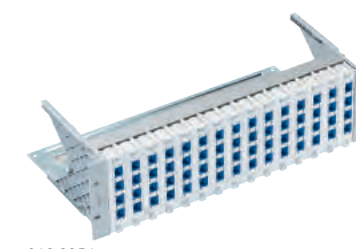

010.2057

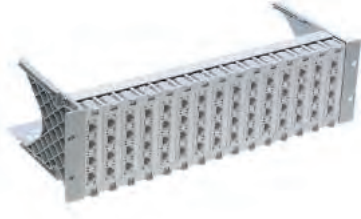

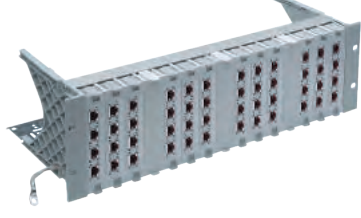

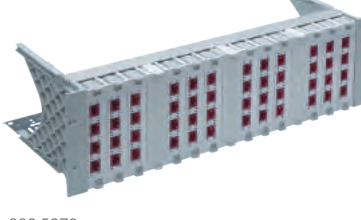

### Features

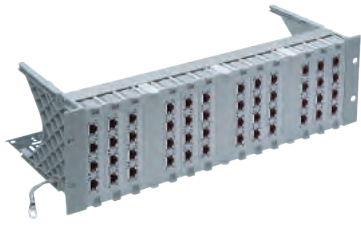

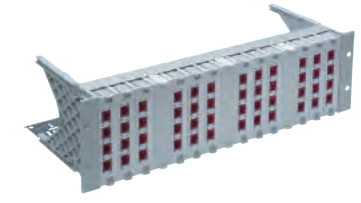

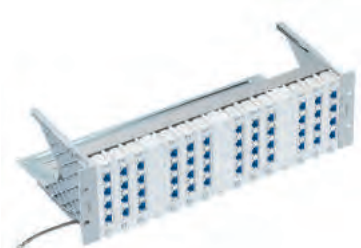

- Thanks to their modular design the panels can be fitted with up to fifteen 4x1-port connection module holders or blind elements (max. 60xRJ45/u, RJ45/s, SC-RJ or E-2000™-Compact ports)
- Highly installation and service friendly thanks to the snap-and-go fastening system
- Shielded version includes complete integrated grounding system
- Suitable for the Data Safe Lock coding system
- Coax can be integrated by means of adapter units
- Exchangeable labeling strips
- Cable tie shelf is a standard component

 <sup>1)</sup>Approval: UL

## 19" Patch Panels

### Features

- R&M Logo: Red/white printing for black version
- R&M Logo: Red/black printing for gray version
- High quality ABS rounded cable management fingers
- Optimized design for high density patching
- Interlocked metal plate and plastic fingers ensuring smooth and edge free surfaces
- Fixing of plastic cable management fingers on outside ensuring ultimate stability
- Textured hinges provide grip to facilitate opening and closing of front cover
- Top and bottom hinges at different width position for stability
- Black version: 19" plate full, ideal for DC (controlled air flow)
- Gray version: 19" plate with patch through openings, ideal for office cabling
- Compatible with existing R&Mfreenet products

 <sup>1)</sup> Approval: UL

## Patch Cord Cat. 6A EL

### Features

- Compliant with Cat. 6A ISO, Class EA (500 MHz) requirements: ISO/IEC 11801 ed. 2.2
- Complies with Category 6A ISO requirements of the standard ISO/IEC 11801 ed. 2.2: June 2011
- Complies with Category 6A ISO requirements of the standard TIA 568-C.2
- Compliant with Cat. 6A ISO component standards IEC 60603-7-41

## RJ45 Patch Cord Cat. 6<sub>A</sub> ISO

### Features

- Cat. 6<sub>A</sub> ISO allow transmission frequencies of  $\geq 650$  MHz
- 100 Ohm impedance
- Available in shielded and unshielded versions
- Compliant with Cat. 6<sub>A</sub> ISO, Class EA (500 MHz) requirements: ISO/IEC 11801.2.1 e.d. 2.2
- Compliant with Cat. 6<sub>A</sub> ISO component standards IEC 60603-7-41 (unshielded) or 60603-7-51 (shielded)
- Connection 1:1

# RJ45 Patch Cord Cat. 6

## Features

- Cat.6 U/UTP suitable for transmission frequencies of  $\geq 450$  MHz
- Real10 Cat. 6 allow transmission frequencies of  $\geq 650$  MHz
- 100 Ohm impedance
- Available in shielded and unshielded versions
- Compliant with Cat. 6, Class E (250 MHz) requirements: ISO/IEC 11801 ed 2.2
- Compliant with Cat.6 component standards IEC 60603-7-4 and 60603-7-5
- Connection 1:1

010.2038

## RJ45 Patch Cord Cat. 5e

### Features

- Suitable for transmission frequencies of  $\geq 200$  MHz
- 100 Ohm impedance
- Available in shielded and unshielded versions
- Compliant with Cat.5e requirements of ISO/IEC 11801, EN 50173, EN 50168 and EIA/TIA 568A/B
- Meet test specifications of EIA/TIA 568-C.2
- With R&M RJ45 connectors in acc. with IEC 60603-7 series
- Connection 1:1

010.2038.1

## Trunk Cable Loomed

### Features

- Fast and safe installation (plug and play)
- 100% process inspection
- Numbered fan-out legs
- Length AWG23 from 5 to 80 m, AWG26 from 5 to 55 m
- AWG26 up to 30% volume and weight reduction compared to AWG23
- Exceeds requirements specified by standards IEEE 802.3an and ISO/IEC 11801 ed.2002 adm. 1 Class EA
- Exceeds Cat. 6<sub>A</sub> ISO Class EA (500 MHz); ISO/IEC 11801 ed. 2.2
- Dust protection of connection modules during transport and insertion tool with integral pulling device for installation

## Adapters

The DRM adapter has been specifically developed to ensure convenient integration of data technology into 35 mm standard top-hat rails (DIN EN 50 022). It now offers universal applicability, saves space for its ideal format and is exceptionally easily mounted. The result is an effective and convincing support of the horizontal and vertical interation of system components.

### DIN Rail Module DRM45, plastic

- DIN Rail Module DRM45 for one RJ45 port, SC-RJ or E-2000™ Compact
  - Color: light gray (RAL 7035)
  - Material: plastic (PC-GF10)
- Scope of supply:
- DIN Rail Module DRM45
  - Labeling strip
  - Instruction manual

<b>Empty</b>	10	R314000
<b>Real10 Cat.6/s</b>	1	R804257

 Suitable for RJ45 connection modules and fiberoptic connectors with support plates.

090.2103

### TDIN Top-Hat Rail Mounting Plate 85x86 mm

- Scope of supply:
- Mounting plate fitting DIN top-hat rail
  - Adapter plate 85 x 86 mm
  - 2 countersunk screws M4 x 10 mm
  - 2 cylinder screws M4 x 10 mm

1	R311160
---	---------

 For the following outlets: R315798, R316478, R315799, R307038 and R307039.

## Compact Box Surface-Mounted

### Features

- Suitable for surface mounted installations or as consolidation point in hollow floors
- Multifunctional unit
- Installation cables up to Cat. 7 can be used
- Bottom part features integral strain relief lugs
- Cover features cable entry break-out points at the side and the back
- Accepts fiberoptic components
- Fire classification UL 94: V-0
- Not compatible with Cat. 6A ISO Connection Modules

## FM Global Outlets Flush-Mounted

### Features

- Suitable for flush-mounted (FM) and duct-mounted (DM) installations
- For use with cover frames and duct covers of Ø 70 mm in diameter or 70x70 mm cutouts
- Suitable for backboxes and floorbox module holders of Ø 60 mm mounting tracks
- Recommended depth for backboxes and floorboxes min. 70 mm
- Plastic: PC + ABS, halogen-free

090.2084

## BS Faceplates Flush-Mounted

### Features

- Suitable for flush mounting and combined with a mounting frame also for surface mounting
- Minimum mounting depth required for connections modules is only 10.5 mm
- Angled RJ45 outlet for maximum cable protection
- Ready for the R&M security system
- Including label window and exchangeable label strips
- UV-resistant material used
- Recommended depth for backboxes and floorboxes  $\geq 70$  mm

# Flap Jack Module Holder (Type 6C) Flush-Mounted

## Features

- Suitable for flush and wall mounting
- Matching standard British cutout dimensions (6C)
- The horizontal design requires only half the space for RJ45 modules compared to other solutions
- The angled entry (45°) provides maximum cable protection
- Halogen-free in acc. with DIN/VDE 0472/815

# Outlets IP54 Surface and Flush Mounted

090.3001

## Operational Scope:

- Suitable for surface and flush mounting in wet locations
- Water and dust protected in accordance with IP 54 (Quinel)
- Temperature range of -25°C to +80°C (-40°C to +80°C for storage and transport)
- Steam, hot water, oils
- Condensation
- Salty water environment
- Dust in any form
- Air pollution in general (non acid)

## Raise Floor Box

The underfloor housing (Raised Floor Box) serves as zone distributor area (ZDA) or consolidation point in data centers. Installed in the raised floor, the housing offers room for 288 connections. The steel housing neatly fits the 600x600 millimeter grid dimensions. This solution has been designed for raised floors in data centers and is therefore advantageous for the space requirements in 19" distribution cabinets.

## Security Level 1

### Security level 1 (visual color coding)

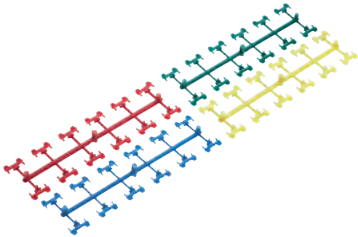

The visual color coding supports correct connecting of the respective copper and fiberoptic cables. The color coding clips are easily clipped to connection cables and ports (outlets, patch panels). When applications are reassigned within the network, the color coding elements are simply moved or replaced, no tools needed.

## Security Level 3

### Security level 3 (mechanical plug-out / plug-in protection)

These products introduce future-proof security to network connections. Only trained and authorized staff can release copper or fiberoptic connections. Copper and FO connectors can also be lock-protected for authorized plug-in only.

 1) Approval: UL

## FLEXkanal

### Features

- For an organized and protected cable routing up to your desk
- For connecting deskboxes with cable ducts or floor connection boxes
- Integral cable organization in two channels

### Capacity per channel:

- 2 cables of Ø-8.5 mm or 3 cables of Ø-7.5 mm or 4 cables of Ø-7.0 mm or 5 cables of Ø-6.0 mm

## Adapters LC LC-Duplex

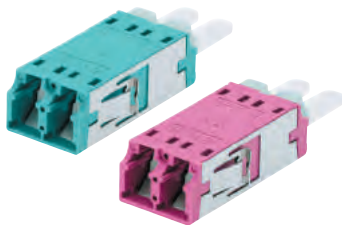

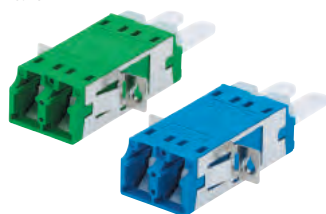

### Features

- Compact design (SFF)
- Outstanding optical performance
- Twice as many terminations as regular connector types
- Duplex adapter fits in SC Simplex cutout
- Integral self-closing metal laser protection flaps
- Semi-transparent plastic dust cover, allowing optical testing with test lasers without removing the cover

**i** Ceramic = zirconia ceramic alignment sleeve  
PhBr = phosphor bronze alignment sleeve

# Connector LC/SC/ST Field Termination

## Features

- Short installation time
- Compatible with customary SC connectors
- For multimode and singlemode applications
- For 0.9 mm to 3 mm cables

**i** The mechanical crimp connectors type ST, SC and LC allow a simple and fast field termination of single fiber cables.

**Cleaning Kit Case FO**

Scope of supply:

- Connector microscope, 200x magnification, micro adapters 1.25 mm and 2.5 mm (PC/APC), service adapter for E-2000™ connectors (R316625)
- Cletop dry cleaning cassette
- Isopropyl alcohol dispenser, empty
- Cleaning wipes (10x10 cm)
- Ferrule Mate, 1.25 mm, to clean connectors directly at the patch panel (LC)
- Ferrule Mate, 2.5 mm, to clean connectors directly at the patch panel (ST, SC, FC, E-2000™)

## Patch Cords SC-RJ IP67

The SC-RJ IP67 connector developed by R&M is a new fiber-optic connector of protection class IP67 that unites a unique range of features, and supports applications of up to 10 Gigabit Ethernet. The connector system is a first of its kind for industrial applications, designed in Small Form Factor and featuring 2.5 mm ferrule technology, a safety system and double color coding.

**i Available on request:**  
IP67 Patch cords OM1, OM2, OM3 and OS1 of different lengths

# Patch Cords / Pigtails

090.2067

FO patch cords are used to interconnect active network components do the connections on the patch panel.

### Features

- Available on while range of lengths
- Duplex patch cord
- LSZH cable jacket
- Typical attenuation:  
< 0.30 dB for Both SM/MM
- Other connector type & simplex configuration availabel upon request

The Raceway System is a cable guiding system specially designed for an individual and safe guiding of optical cables outside the protected area. Guiding optical cables separately from copper lines achieves the highest levels of security and probability of failure-free operation for all networks. The uniquely solid and compact design plus the snap-on mounting system guarantee swift and cost-efficient installation, no special tools are needed. The Raceway System is supplied in six different sizes, providing custom-tailored installation for all optical cable guiding requirements and applications.

## Housing

### Features

The Netscale housing is mountable in 19-in racks or cabinets and provides user-friendly and flexible ultra high-density connectivity when combined with Netscale modules, cassettes, harnesses, trunks and Netscale patch cords.

The elaborate design of Netscale housings includes drawers receiving modules or cassette from either the front or the rear. A fundamental design feature is the break-up of traditional RU-sizing. Netscale drawers are only 0.75RU high which allows the 3RU housing to host four of them and hence, increase the density.

The Netscale housing also provides the infrastructure fundament for R&MinteliPhy™, the automated infrastructure management solution.

# Rear-Cabling Manager

## Features

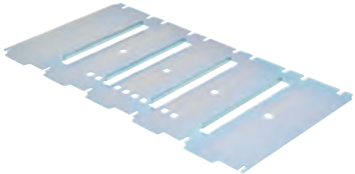

The rear-cabling manager (RCM) for MPO and LC trunk cables is specially designed to address both slack management and documentation of trunk cables in the back-side of the Netscale housing. It accepts incoming trunk cables from the back for each individual insert (either module or cassette) to improve installation times.

The RCM comprises up to two divider snap-on clips at the rear which enable fast and easy installation and strain-relief of trunk cables. It allows for the slack management of trunk legs and ensures a minimum bend radius of 20 mm. It also has a documentation area at the back to improve label visibility of trunk cables.

For an R&MinteliPhy™ adaption, it provides a separate slack management for an optional bus cable coming from the RFID-sensor system.

# LC-Duplex to MPO Modules

Netscale LC-Duplex to MPO modules provide the interface between the male MPO connectors on the trunk and the LC-Duplex patch cords that will then connect directly into the transceiver modules. It can either contain 12 or 18 LC-Duplex ports. The LC-Duplex ports feature integrated laser shutters that move out of the way when the connector is inserted.

R&M's Type S LC-Duplex to MPO modules ensure correct fiber polarity while requiring just one type of patch cord on both ends of the link. The crossover of the fibers for duplex signal transmission takes place within the module. The connectivity diagram for the trunk cable and patch cord remains the same all the time, even for parallel transmission for setting up 40/100 GbE installations.

The sum of LC-Duplex ports is divided into Tx and Rx so that all Tx fibers run to one MPO and all Rx fibers to the other MPO. These MPOs connections can be bundled into a single trunk. The system is mated key-up to key-down. Symmetric cabling according to TIA-568-C Method B for 10G, 40G and 100G, as well as 8G and 16G Fibre Channel is therefore enabled in collaboration with type B trunks. By using type A trunks, Method A is established. That means capacity can be expanded directly in an uncomplicated and inexpensive manner.

## Adapter Cassettes

Netscale adapter cassettes are pass-through inserts with LC-Duplex or MPO adapters. The LC or MPO trunk cables connect at the rear of the adapter cassettes. From the front side, various options are possible, ranging from LC-duplex or MPO patch cords for equipment connections over harness cables to cross-connection used in main distribution areas (MDA).

Like Netscale modules, cassettes can be installed from the front or rear of any Netscale housing. Netscale adapter cassettes are available with 12 and 18 adapters for multimode and singlemode applications.

Like all Netscale inserts, the 12 port versions of the adapter cassettes can be retrofitted with the RFID-sensor system of R&MinteliPhy™.

# MPO Trunks

MPO trunks are pre-terminated cables with one or more 12-fiber MPO connectors on both ends. Trunks are purpose made for high density backbone connections between cabinets or zones in the data center. R&M's MPO trunks conform with TIA-568 C.0 Types A or B polarity. Fast traceability is guaranteed with color coded jackets (OM4 - heather violet, OM3 - aqua, OS2 - yellow).

OM5 with 12 and 24 fibers only

## Netscale Patch Cords

The Netscale patch cord features an innovative push-pull design with a textured boot to ensure easy access to and removal of the connector. It also allows for quick tool-less polarity reversal. Of special interest is the industry-leading 1.4 mm cable diameter design that enables unmatched ease of management in high density rack and panel configurations, as compared to legacy cords with diameters of 2 mm or more. And of course, it can be equipped with an R&MinteliPhy™ RFID-tag.

**«Netscale utilizes the LC-quick release connector and smallest diameter uniboot patch cords for minimal cabling bulk.»**

# MPO Patch Cords

MPO patch cords are directly connected with QSFP+ transceivers to allow 40G Ethernet transmission over a fiber optic link. When used in conjunction with MPO trunks and MPO cassettes, this female 12-fiber MPO patch cords allow for easy migration to parallel optics.

OM5 with 12 and 24 fibers only

## QSFP+ Conversion Cables

The QSFP+ conversion cable is a pre-terminated solution allowing networks to 100% utilize MPO trunks based on 12 fibers when migrating to 40G, which uses technology based on 8 fibers (four fibers transmitting at 10G in each direction). Without this conversion, data centers running 40G parallel optics on their existing fiber backbone only use 66 percent of the installed fiber and waste a third of their invested capital.

## Cleaning Products

Studies have shown that 80 to 90 percent of all transmission problems in optical networks are caused by dirty connectors. As a rule, every connector must be checked and cleaned, before it is plugged in. The same applies to new and unused patch cords or cable assemblies

Part Number

#### FO-Cleaning tool kit

Due to export restrictions we do not sell any alcohol. For cleaning purpose please use Isopropyl-Alcohol 99,7% which can be bought in any drug store / pharmacie.

Scope of supply:

- Connector microscope, 200x magnification, micro adapters 1.25 mm and 2.5 mm (PC/APC), service adapter for E-2000™ connectors (R316625)
- Cletop dry cleaning cassette
- Isopropyl alcohol dispenser, empty
- Cleaning wipes (10x10 cm)
- Ferrule Mate, 1.25 mm, to clean connectors directly at the patch panel (LC)
- Ferrule Mate, 2.5 mm, to clean connectors directly at the patch panel (ST, SC, FC, E-2000™)

1

R319903

090.2926

#### Substitute cleaning tissues 4"x4"

Replacement cleaning wipes (lint-free) for the FO cleaning kit case.

Quantity: 100 wipes (without box).

Dimensions: 10 x 10 cm.

1

R319906

090.2927

#### Ferrule Mate, 1.25 mm, for LC

Replacement Ferrule Mate for the FO cleaning kit case.

To clean connectors (300 - 600x) directly at the patch panel.

## R&MinteliPhy™

R&MinteliPhy™ opens up a new era for IT managers. Now, they can manage their physical infrastructure intelligently and fully automatic. Notepads are things of the past, as are hard-to-manage tables. With R&MinteliPhy, data centers immediately improve the capacity utilization, profitability and availability. IT managers gain control over all ports and more. This is because R&MinteliPhy helps with analysis and documentation, with the introduction of standardized processes and with all typical management tasks associated with passive infrastructure.

For further information regarding additional hardware and the R&MinteliPhy software, please refer to R&MinteliPhy Quickreference.

## 19" FibereasyRack2 1U Breakout

### Features

Breakout and patch box, mounting depth 225 mm, continuously depth-adjustable up to 55 mm, rear cable feed, cable entry possible from three different angles.

The box units are on the same level, the storage part for pre-terminated cables features fastening strap, fitted with adapters; the box is continuously extendable up to 210 mm, at full extension it can be inclined 10° forwards.

Optimum access to the pre-terminated cables, the tray can be fully detached from the box by release lever. Includes indelible laser trademark, fastening material, labeling strips and installation instructions.

Optical specifications:

- Delta insertion loss:  $\leq 0.2$  dB, testing method acc. to IEC 61300-3-4

Mechanical specifications:

- Mating cycles: min. 500
- Pull-out force: min. 70 N

# 19" UniRack2 1U Splice

## Features

Splice and patch box, mounting depth 225 mm, continuously depth-adjustable up to 55 mm; rear cable feed, cable entry possible from three different angles.

The box has two levels, the lower level serves as storage for spare loose tubes, tray fixation in the side structure is ensured; the upper level serves as storage for spare pigtails (1.3 m of fiber stored in the splice tray).

Guaranteed bending radius = 40mm, fitted ready for splicing with pigtails and adapters, inserted and tested, two or less splice trays with radius 40 mm, box continuously extendable up to 210 mm, at full extension it can be inclined 10° forwards.

Optimum access to loose tubes, adapters and pigtails, the tray can be fully detached from the box by release lever. Includes indelible laser trademark, fastening material, labeling strips and installation instructions.

# 19" FibereasyRack2 1U Breakout / Splice

## Features

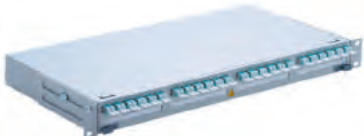

Patch box and option of usage as breakout or splice box, mounting depth 225 mm, continuously depth-adjustable up to 55 mm, rear feed, cable entry possible from three different angles.

The box units are on the same level, when used as a breakout box, the storage part for incoming cables features fastening strap. Splice tray radius 40 mm and splice holders are fitted if the box is intended to be used for splicing. The box is continuously extendable up to 210 mm, at full extension it can be inclined 10° forwards.

Optimum access to pre-terminated cables, loose tubes, adapters and pigtails, the tray can be fully detached from the box by release lever. Includes indelible laser trademark, fastening material, labeling strips and installation instructions.

## MPO Module

### Features

- Easy handling (plug and play)
- Integrated bending radius limiter and hold-down cross
- High packing density, up to 288 fibers per 3U patch panel
- Pre-numbered front plates, extra labeling field

**MPO Modul HD, MTP-female – 12x LC-Duplex**

- Designed for 19" 1U HD patch panel
  - Connectivity method: type A
- Scope of supply:
- Slide-in unit, radius limiter radius 30 mm, labeling strips and installation instructions
  - Plastic front panel equipped with 12xLC-Duplex adapters and fan-outs inserted, rear side one MTP24-female connector mounted

<b>MTP24-female - 12xLC-Duplex, OM4, PC/PC, type A, gray</b>	1	R515861

## MPO Panel

### Features

- Easy handling (plug and play)
- Integrated bending radius limiter
- High packing density, up to 96 connectors per 1U patch panel
- Little mounting depth of 230 mm
- Universally compatible (e.g. ETSI standard compliant)

**i** Other combinations available

## Trunk Cable/ Harness Cable MPO / MTP®

### Features

- Backbone installation
- Choice of either both ends with pins (male type) or both ends without pins (female type)
- Choices of MPO/MTP in 12 or 24-fiber connector interface
- Type A (key-up to key-down) connector cable
- Test report supplied with each cable assembly

# Harness Cable

## Features

- For transition from trunk backbone assemblies to fiber rack system
- MPO/MTP connector on one end, with single-fiber connectors on another end
- Single-fiber connector interface available in LC and SC
- Standard furcation length 0.8 meters
- Delivered with pulling eye on single-fiber connectors side
- Test report supplied with each cable assembly

## Splice Tray Radius 40 mm

### Features

- Capacity of 24 splice connections
- Stackable trays, featuring hinges and fixing strap
- Min. 1.5 m spare length per fiber
- Hinge-fastened cover
- Storing option for unspliced fibers
- Detachable fiber hold-down plates for large splice holders
- Bending radius 40 mm

### Splice Holder R30/R40, 6x shrink splice protection

- Suitable for splice trays radius 30/35/40 mm
- Max. capacity: 6 heat shrink splice protection
- Color: black
- Material: plastic (POM)
- Dimensions: 27x5x37 mm (WxHxD)

Scope of supply:

- Splice holder
- M3 fastening screw plus plastic screw

10

R30039-06

**i** Applicable for heat shrinks with a diameter from 2.3 mm up to 2.7 mm

090.3285

### Splice Holder R30/R40, 12x shrink splice protection

- Suitable for splice trays radius 30/35/40 mm
- Max capacity: 12 (2x6) heat shrink splice protection
- Color: black
- Material: plastic (POM)
- Dimensions: 34x6.2x32 mm (WxHxD)

Scope of supply:

- Splice holder
- M3 fastening screw plus plastic screw

10

R320246

**i** Applicable for heat shrinks with a diameter from 2.3 mm up to 2.7 mm

The R&M security system is based on Smartholes, which are integrated as standard in R&M's platforms for copper and fiber optic connectors. Outlets and patch panels are therefore already prepared for the security installation. The R&M security system consists of three levels:

1. Visual coding
2. Mechanical and visual coding, and
3. Intelligent protection using lock mechanisms and authorization solutions

## Connection Modules

### Features

- To snap onto back mount frames or mounting profiles
- Packing density of up to 4200 pairs/m<sup>2</sup>
- Wiring in IDC technology without expensive tools
- Gold-plated contacts
- Protection components ensure permanent person and equipment protection
- Protection components are plugged in at the front
- Contacts for disconnection and testing at the front
- Module bodies made of one piece

**19" Mounting Profile Kit, 20/25 mm**

- Mounting profiles fitting empty 19" 3U sub-racks
- Maximum capacity:
  - 6 modules of grid size 20 mm
  - 5 modules of grid size 25 mm
- Scope of supply:
  - 2 mounting profiles for 19" sub-racks
  - Mounting kit (4 screws, washers)
  - 2 cable ties, large

1 R300663

010.2240

**19" Sub-Rack, 3U**

- Used for fastening the mounting profiles for VS Compact modules
- The sub-rack accepts 2 to 4 mounting profile kits, depending on module size
- Maximum capacity:
  - 4 19" splitter back mount frames
  - 4 mounting profile kits, 8/10 pairs
  - 3 mounting profile kits, 16 pairs
  - 2 mounting profile kits, 20/25 pairs
- Scope of supply:
  - 19" sub-rack, empty
  - Grounding flex plus M5 cable lug
  - M5 x 10 grounding flex fastening screw
  - 19" mounting kit (4 screws, plastic washers, cage nuts)
  - Installation instructions

R813504	Connection Module Cat. 6A EL, RJ45/s Freenet, 10x	10	R35056	Installation Cable Cat. 6, U/UTP, 4P, 450 MHz, PVC, 500 m	23
R813505	Connection Module Cat. 6A EL, RJ45/s Freenet, 100x	10	R802920	Installation Cable Cat. 6, U/UTP, 4P, 450 MHz, LSZH, 305 m	23
R813506	Connection Module Cat. 6A EL, RJ45/u Freenet, 10x	10	R35057	Installation Cable Cat. 6, U/UTP, 4P, 450 MHz, LSZH, 500 m	23
R813507	Connection Module Cat. 6A EL, RJ45/u Freenet, 100x	10	R314933	Installation Cable Cat. 6, F/UTP, 4P, 450 MHz, LSZH, 500 m	23
R813508	Connection Module Cat. 6A EL, RJ45/s Freenet, special, 10x	10	R309319	Industry Cable Cat. 5e, S/FTP, 4P, 200 MHz, LSFRZH, 500 m	24
R813509	Connection Module Cat. 6A EL, RJ45/s Freenet, special, 100x	10	R35044	Installation Cable Cat. 5e, U/UTP, 4P, 200 MHz, PVC, 500 m	25
R813510	Connection Module Cat. 6A EL, RJ45u Freenet, special, 10x	10	R35045	Installation Cable Cat. 5e, U/UTP, 4P, 200 MHz, LSZH, 500 m	25
R813511	Connection Module Cat. 6A EL, RJ45u Freenet, special, 100x	10	R35291	Installation Cable Cat. 5e, U/UTP, 4P, 200 MHz, PVC, 305 m	25
R813512	Connection Module Cat. 6A EL, RJ45/s, Keystone, 10x	11	R795030	Installation Cable Cat. 5e, U/UTP, 4P, 200 MHz, PVC, 305 m, blue	25
R813513	Connection Module Cat. 6A EL, RJ45/s, Keystone, 100x	11	R35292	Installation Cable Cat. 5e, U/UTP, 4P, 200 MHz, LSZH, 305 m	25
R813514	Connection Module Cat. 6A EL, RJ45/u, Keystone, 10x	11	R35049	Installation Cable Cat. 5e, F/UTP, 4P, 200 MHz, LSZH, 500 m	25
R813515	Connection Module Cat. 6A EL, RJ45/u, Keystone, 100x	11	R300317	Installation Cable Cat. 5e, F/UTP, 4P, 200 MHz, PVC, 305 m	25
R813516	Connection Module Cat. 6A EL, RJ45/s, Snap-in, black, 10x	11	R35052	Installation Cable Cat. 5e, SF/UTP, 4P, 200 MHz, PVC, 500 m	25
R813517	Connection Module Cat. 6A EL, RJ45/s, Snap-in, black, 100x	11	R302089	Installation Cable Cat. 5e, SF/UTP, 4P, 200 MHz, LSZH, 500 m	25
R813518	Connection Module Cat. 6A EL, RJ45/u, Snap-in, black, 10x	11	R35053	Installation Cable Cat. 5e, SF/UTP, 4P, 200 MHz, LSFRZH, 500 m	25
R813519	Connection Module Cat. 6A EL, RJ45/u, Snap-in, black, 100x	11	R310918	Multipair Installation Cable Cat. 5, U/UTP, 25P, LSZH, 300 m	26
R813520	Connection Module Cat. 6A EL, RJ45/s Adapter No.1, 10x	11	R310916	Multipair Installation Cable Cat. 5, U/UTP, 50P, LSZH, 300 m	26
R813521	Connection Module Cat. 6A EL, RJ45/u Adapter No.1, 10x	12	R310917	Multipair Installation Cable Cat. 5, U/UTP, 100P, LSZH, 300 m	26
R814571	Cat. 6A EL Comfort Tool	12	R310908	Multipair Installation Cable Cat. 5, F/UTP, 25P, LSZH, 300 m	26
R833665	Adapter 90° Module RJ45 C6A-EL/s-10	12	R310920	Multipair Installation Cable Cat. 5, F/UTP, 50P, LSZH, 300 m	26
R833666	Adapter 90° Module RJ45 C6A-EL/u-10	12	R310921	Multipair Installation Cable Cat. 5, F/UTP, 100P, LSZH, 300 m	26
R509504	Connection Module Cat. 6A ISO, RJ45/s, 10x	13	R311322	Multipair Installation Cable Cat. 3, U/UTP, 25P, LSZH, 300 m	27
R509505	Connection Module Cat. 6A ISO, RJ45/s, 100x	13	R311319	Multipair Installation Cable Cat. 3, F/UTP, 50P, LSZH, 300 m	27
R509500	Connection Module Cat. 6A ISO, RJ45/u, 10x	13	R311320	Multipair Installation Cable Cat. 3, U/UTP, 100P, LSZH, 300 m	27
R509501	Connection Module Cat. 6A ISO, RJ45/u, 100x	13	R311321	Multipair Installation Cable Cat. 3, F/UTP, 25P, LSZH, 300 m	27
R509506	Connection Module Cat. 6A ISO, RJ45/s, Snap-in, 10x	13	R311323	Multipair Installation Cable Cat. 3, F/UTP, 50P, LSZH, 300 m	27
R511999	Connection Module Cat. 6A ISO, RJ45/s, Snap-in, 24x (Black)	13	R311324	Multipair Installation Cable Cat. 3, F/UTP, 100P, LSZH, 300 m	27
R509507	Connection Module Cat. 6A ISO, RJ45/s, Snap-in, 100x	13	R813489	19" 1U PC Patch Panel 24xRJ45/s, Cat. 6A EL, fully populated, Gray	28
R509502	Connection Module Cat. 6A ISO, RJ45/u, Snap-in, 10x	14	R813487	19" 1U PC Patch Panel 24xRJ45/s, Cat. 6A EL, fully populated, Black	28
R511998	Connection Module Cat. 6A ISO, RJ45/u, Snap-in, 24x (Black)	14	R813490	19" 1U PC Patch Panel 24xRJ45/u, Cat. 6A EL, fully populated, Gray	28
R509503	Connection Module Cat. 6A ISO, RJ45/u, Snap-in, 100x	14	R813488	19" 1U PC Patch Panel 24xRJ45/u, Cat. 6A EL, fully populated, Black	28
R803927	Connection Module Cat. 6A ISO, 1xRJ45/s, 10x	14	R813493	19" 1U PC Patch Panel 24xRJ45/s, Cat. 6A ISO, fully populated, Gray	28
R510088	Connection Module Cat. 6A ISO, 1xRJ45/s, 100x	14	R813491	19" 1U PC Patch Panel 24xRJ45/s, Cat. 6A ISO, fully populated, black	28
R803926	Connection Module Cat. 6A ISO, 1xRJ45/u, 10x	14	R813494	19" 1U PC Patch Panel 24xRJ45/u, Cat. 6A ISO, fully populated, Gray	29
R510087	Connection Module Cat. 6A ISO, 1xRJ45/u, 100x	14	R813492	19" 1U PC Patch Panel 24xRJ45/u, Cat. 6A ISO, fully populated, Black	29
R509509	Connection Module Cat. 6A ISO, 1xRJ45/s, Keystone, 10x	14	R813485	19" 1U PC Patch Panel 24-Port/s, Cat. 6A, empty, Gray	29
R509508	Connection Module Cat. 6A ISO, 1xRJ45/u, Keystone, 10x	15	R813483	19" 1U PC Patch Panel 24-Port/s, Cat. 6A, empty, Black	29
R808370	Connection Module Cat. 6A ISO, 1xRJ45/s, adapter No.1, 10x	15	R813486	19" 1U PC Patch Panel 24-Port/u, Cat. 6A, empty, Gray	29
R808371	Connection Module Cat. 6A ISO, 1xRJ45/u, adapter No.1, 10x	15	R813484	19" 1U PC Patch Panel 24-Port/u, Cat. 6A, empty, Black	29
R516050	Termination Tool Cat. 6A ISO	15	R812462	Basic Blind Cover, white	29
R804325	Cable Preparation Tool Cat. 6A ISO	15	R509882	19" 1U Patch Panel 24xRJ45/s, Cat. 6A ISO, Gray	30
R302372	Connection Module Real10 Cat. 6, 1xRJ45/s, 10x	16	R514693	19" 1U Patch Panel 24xRJ45/s, Cat. 6A ISO, Black	30
R304327	Connection Module Real10 Cat. 6, 1xRJ45/s, 100x	16	R509883	19" 1U Patch Panel 24xRJ45/u, Cat. 6A ISO, Gray	30
R302373	Connection Module Real10 Cat. 6, 1xRJ45/u, 10x	16	R514694	19" 1U Patch Panel 24xRJ45/u, Cat. 6A ISO, Black	30
R304328	Connection Module Cat. 6, 1xRJ45/u, 100x	16	R305117	19" 1U Patch Panel 24xRJ45/u, Cat. 6, Gray	30
R304373	Connection Module Real10 Cat. 6, 1xRJ45/s, Snap-in, 10x	16	R514696	19" 1U Patch Panel 24xRJ45/u, Cat. 6, Black	30
R512370	Connection Module Real10 Cat. 6, 1xRJ45/s, Snap-in, 24x (Black)	16	R305120	19" 1U Patch Panel 24xRJ45/s, Real10 Cat. 6, Gray	31
R308732	Connection Module Real10 Cat. 6, 1xRJ45/s, Snap-in, 100x	16	R514695	19" 1U Patch Panel 24xRJ45/s, Real10 Cat. 6, Black	31
R304374	Connection Module Cat. 6, 1xRJ45/u, Snap-in, 10x	17	R305118	19" 1U Patch Panel 24xRJ45/u, Cat. 5e, Gray	31
R512369	Connection Module Cat. 6, 1xRJ45/u, Snap-in, 24x (Black)	17	R321604	19" 1U Patch Panel 24xRJ45/u, Cat. 5e, Black	31
R308734	Connection Module Cat. 6, 1xRJ45/u, Snap-in, 100x	17	R305121	19" 1U Patch Panel 24xRJ45/s, Cat. 5e, Gray	31
R813810	Connection Module Cat. 6, 1xRJ45/u, Keystone, 10x	17	R313048	19" 1U Patch Panel 24xRJ45/s, Cat. 5e, Black	31
R925370	Connection Module Cat. 5e, 1xRJ45/s, 10x	18	R305119	19" 1U Patch Panel 24-Port, Gray	31
R304325	Connection Module Cat. 5e, 1xRJ45/s, 100x	18	R511996	19" 1U Patch Panel 24-Port, Black	31
R925371	Connection Module Cat. 5e, 1xRJ45/u, 10x	18	R795454	19" 1U Patch Panel 24-Port BASIC, Gray	32
R304326	Connection Module Cat. 5e, 1xRJ45/u, 100x	18	R795465	19" 1U Patch Panel 24-Port BASIC, Black	32
R302780	Connection Module Cat. 5e, 1xRJ45/s, Snap-in, 10x	18	R795455	19" 1U Patch Panel BASIC Cat. 6 24xRJ45/u, Gray	32
R308731	Connection Module Cat. 5e, 1xRJ45/s, Snap-in, 100x	18	R795456	19" 1U Patch Panel BASIC Cat. 6 24xRJ45/u, Black	32
R302518	Connection Module Cat. 5e, 1xRJ45/u, Snap in, 10x	19	R795457	19" 1U Patch Panel BASIC Cat. 5e 24xRJ45/u, Gray	32
R308733	Connection Module Cat. 5e, 1xRJ45/u, Snap in, 100x	19	R795458	19" 1U Patch Panel BASIC Cat. 5e 24xRJ45/u, Black	32
R815651	FM45 Connector Cat. 6A IP20, 4P, TIA 568-A/B, 10x	20	R815656	19" 1U Angled Patch Panel 24-Port, Cat. 6A, Keystone, black, empty	33
R795765	FM45 Connector IP20, 4P, TIA 568A (AWG26-23)	20	R500539	19" 1U Angled Patch Panel 24xRJ45/s, Real10 Cat. 6, Gray	33
R795766	FM45 Connector IP20, 4P, TIA 568B (AWG26-23)	20	R803924	19" 1U Angled Patch Panel 24xRJ45/s, Real10 Cat. 6, Black	33
R795767	FM45 Connector IP20, 4P, TIA 568A (AWG26-23)	20	R500532	19" 1U Angled Patch Panel 24xRJ45/u, Cat. 6, Gray	34
R803498	FM45 Connector IP20, Angled, 4P, TIA 568A (AWG26-23)	20	R803925	19" 1U Angled Patch Panel 24xRJ45/u, Cat. 6, Black	34
R803499	FM45 Connector IP20, Angled, 4P, TIA 568B (AWG26-23)	20	R506796	19" 1U Angled Patch Panel 24-Port, Gray	34
R35257	Installation Cable Real10 Cat. 7, S/FTP, 4P, 1000 MHz, LSZH, 500 m	21	R511997	19" 1U Angled Patch Panel 24-Port, Black	34
R35060	Installation Cable Real10 Cat. 7, S/FTP, 4P, 1000 MHz, LSFRZH, 500 m	21	R502913	19" 1U Angled Patch Panel, Cover	34
R319522	Installation Cable Real10 Cat. 7, S/FTP, 4P, 1200 MHz, LSFRZH, 500 m	21	R512417	19" 1U HD Patch Panel 48xRJ45/s, Cat. 6A ISO, Gray	35
R306257	Installation Cable Real10 Cat. 7, S/FTP, 4P, 1200 MHz, LSFRZH, 500 m	21	R512722	19" 1U HD Patch Panel 48xRJ45/s, Cat. 6A ISO, Black	35
R507032	Installation Cable Real10 Cat. 7, S/FTP, 4P, 1500 MHz, LSFRZH, 500 m	21	R512418	19" 1U HD Patch Panel 48xRJ45/u, Cat. 6A ISO, Gray	35
R504236	Installation Cable Real10 Cat. 6A, U/UTP 4P, 650 MHz, PVC, diameter 9mm, 305 m	22	R512723	19" 1U HD Patch Panel 48xRJ45/u, Cat. 6A ISO, Black	35
R504252	Installation Cable Real10 Cat. 6A, U/UTP, 4P, 650 MHz, LSZH, diameter 9mm, 305 m	22	R512416	19" 1U HD Patch Panel 48-Port, Gray	36
R804268	Installation Cable Real10 Cat. 6A, U/UTP, 4P, 650 MHz, PVC, diameter 7mm, 500 m	22	R512721	19" 1U HD Patch Panel 48-Port, Black	36
R804269	Installation Cable Real10 Cat. 6A, U/UTP, 4P, 650 MHz, LSZH, diameter 7mm, 500 m, Gray	22	R512698	19" 1U HD Patch Panel, cover	36
R807392	Installation Cable Real10 Cat. 6A, U/UTP, 4P, 650 MHz, LSZH, diameter 8.4mm, 500 m	22	R512422	19" 1U HD Basic Patch Panel 48xRJ45/s, Cat. 6A ISO, Gray	36
R807393	Installation Cable Real10 Cat. 6A, U/UTP, 4P, 650 MHz, PVC, diameter 8.4mm, 500 m	22	R512727	19" 1U HD Basic Patch Panel 48xRJ45/s, Cat. 6A ISO, Black	36
R807394	Installation Cable Real10 Cat. 6A, U/UTP, 4P, 650 MHz, PE, diameter 8.4mm, 500 m	22	R512423	19" 1U HD Basic Patch Panel 48xRJ45/u, Cat. 6A ISO, Gray	37
R308247	Installation Cable Real10 Cat. 6A, U/FTP, 4P, 650 MHz, LSZH, 500 m	22	R512728	19" 1U HD Basic Patch Panel 48xRJ45/u, Cat. 6A ISO, Black	37
R305649	Installation Cable Real10 Cat. 6A, S/FTP	22	R512421	19" 1U HD Basic Patch Panel 48-Port, Gray	37
R317603	Installation Cable Cat. 6, U/UTP, 4P, 450 MHz, LSZH, 500 m, 305 m	23	R512726	19" 1U HD Basic Patch Panel 48-Port, Black	37
